Dear Operator,

I am writing in regards to the Sandblast Rally, which is a road rally held in Chesterfield County, South Carolina each February. John Eskridge, of the Chesterfield County Amateur Radio Society, is our Chief of Communications and we regularly have local amateur radio operators volunteer in public service with the rally.

Will you consider including information on our event and how to volunteer with us, in your next newsletter, radio net, and at your next meeting? Thank you for helping us recruit great amateur radio operator volunteers! It is exciting when communities support each other and we look forward to working with you this year!
